

BLACK MOUNTAIN TOWN COUNCIL MINUTES

April 9, 2026 | Special Meeting Agenda | Time: 5:00 PM

Town Hall Council Chambers | 160 Midland Avenue, Black Mountain, NC 28711

Black Mountain Town Council held their special meeting on Thursday, April 9, 2026, at 5:00 PM in the Council Chambers of Town Hall, 160 Midland Avenue, Black Mountain, NC 28711.

1. CALL TO ORDER

Mayor C. Michael Sobol called the special meeting to order at 5:00 p.m. with the following members in attendance: Mayor C. Michael Sobol, Vice Mayor Archie Pertiller, Council Member Alice Berry, Council Member Pam King. *Council Members Doug Hay and Ryan Stone were absent. Note: Council Member Ryan Stone joined the meeting at 6:15 p.m.*

The following staff members were present: Craig Justus, Town Attorney; Richard Hicks, Interim Town Manager; Scott Buffkin, Interim Assistant Town Manager; Wesley Barker, Town Clerk; John Coffey, Fire Chief; Jamey Matthews, Public Works Director; Rick Burton, Building Inspector; Jennifer Tipton, Planning Senior Admin.; Matt Begley, Budget Analyst.

2. EVIDENTIARY HEARING

2.A. Appeal of Order to Take Corrective Action - 850 Blue Ridge Road

The property owner at 850 Blue Ridge Rd., PIN # 0609-72-3860.00000 received an Order to Take Corrective Action dated November 17, 2025 from the Town of Black Mountain's Senior Building Official. This structure was found to be a safety & fire hazard by the Senior Building Official. An administrative hearing was held on Friday, November 14, 2025 where the Town's Senior Building Official declared the following:

- The structure at 850 Blue Ridge Rd. was officially condemned.
- The structure at 850 Blue Ridge Road was a severe threat to health and safety.
- There has been ample opportunity to remedy the defects or to demolish the structure.
- No extensions past the time given in this notice will be granted.
- All assistance programs that were offered have since closed (please note that all of these were federal programs and the town did not offer any local assistance).
- The property owner would have forty-five (45) days from the date of the notice to demolish the structure and clear all debris from the site.
- Further, this letter indicated the property owner may exercise their right to appeal this decision, pursuant to N.C.G.S. §160D-1123.

On November 26, 2025, the property owner submitted their appeal to the order to take corrective action to the Town's governing body as allowed via N.C.G.S. §160D-1123. This letter laid out the reasons for the appeal to take corrective action. The Town Council will now hear this appeal in this special-called meeting as an evidentiary hearing.

Mayor Sobol opened the hearing at 5:00 p.m. Planning and Building Inspection staff members presented the case to the Town Council. Mr. Kevin Wei on behalf of sister Hongqin Wei, appellant, then provided his testimony to the Council. A lengthy discussion then ensued among council members, the town attorney, the appellant and town staff. The following findings of fact and conclusions of law were as follows:

Based upon the information and evidence presented and after hearing all of the evidence, the Council does hereby make the following **FINDINGS OF FACT**:

1. Hongqin Wei (“Wei”) appealed the Town of Black Mountain Building Inspector’s order to take corrective action to demolish the Building and remove all debris (“Appeal”).
2. All required notices were mailed and published, and signs were properly posted regarding this Appeal.
3. Jennifer Tipton, Senior Admin (“Senior Admin”), and Rick Burton, Building Inspector (“Building Inspector”) appeared for the Town.
4. Kevin Wei, brother of Hongqin Wei, appeared as the representative for the Appellant (“Appellant”).
5. The Town admitted the Record of the case into evidence without objection, and it was accepted by Mayor C. Michael Sobol, the presiding officer.
6. The Building at 850 Blue Ridge Road, a nonresidential building, was severely damaged after Tropical Storm Helene in September of 2024.
7. The Appellant was sent a Notice of Substantial Damage Determination for 850 Blue Ridge Road, dated December 17, 2024. The notice provided a substantial damage assessment, instructions for appealing the determination, and an offer to the property owner meet with the Floodplain Administrator to discuss the requirements and potential options for bringing the building into compliance with the Flood Damage Prevention Ordinance. This notice was not appealed.
8. The Town communicated with TetraTech about reaching out to the Appellant to potentially apply for the Private Property Debris Removal Program.
9. The Appellant was sent a letter detailing the unsafe conditions in accordance with NCGS §160D-1118 (Defects in buildings to be corrected), dated July 31, 2025.
10. The 31 July 31 2025, letter stated that the unsafe conditions needed to be permitted, repaired, completed and inspected, or the entire Building needed to be demolished within ninety days of receipt of the letter. Notice of the unsafe character of the Building was posted by the Town on the exterior wall of the structure.
11. The Appellant sent a response dated October 24, 2025, in response to the July 31, 2025, letter of unsafe conditions.
12. The Appellant noted that the property was in a unique situation as NCDOT planned to acquire the property due to the proposed I-40 interchange project.
13. Based on the unique situation noted by the Appellant, the Appellant asked for a delay in any permit application or processing as pursuing repairs for a building that

is expected to be demolished would result in unnecessary financial and administrative burden.

14. Because Appellant failed to take corrective action as requested for the Building, the Appellant was sent a letter dated November 4, 2025, regarding a condemnation hearing that would be held on November 14, 2025, in accordance with NCGS §160D-1121.
15. The Appellant sent a response dated November 12, 2025, requesting an extension of time to comply.
16. The condemnation hearing was held on November 14, 2025, in accordance with NCGS §160D-1121, addressing the concerns of the Building at 850 Blue Ridge Road. The hearing was held at 304 Black Mountain Avenue with the Senior Administrative and Building Official in attendance.
17. The Building Inspector found that no actions have been taken to repair the property and that due to the condition of the Building, the Building is a blight, is attracting illicit activity, rodent and animal infestation, homeless activity, and is a severe safety and fire hazard. Further delay could not be granted.
18. The Building Inspector officially condemned the Building and ordered the Building to be demolished within forty-five days of receipt of the Order to Take Corrective Action.
19. The Order to Take Corrective Action, in accordance with NCGS §160D-1122, dated November 17, 2025, was sent to the Appellant.
20. The Appellant filed an appeal dated November 26, 2025 to the Town Council.
21. At the hearing, Appellant did not present any experts or witnesses who could testify in any way to rebut the findings of the Building Inspector. Appellant's only contention was to dispute the remedy required to address the condition of the Building.
22. The Building is a fire or safety hazard.
23. The Building is dangerous to life, health, or other property.

Based on the foregoing **FINDINGS OF FACT**, the Council then made the following **CONCLUSIONS OF LAW**:

1. This Council has jurisdiction under NCGS §160D-1123 to decide appeals of any order received under NCGS §160D-1122.
2. Because the Building located at 850 Blue Ridge Road is a fire or safety hazard and otherwise dangerous to life, health, or other property, it must be promptly remedied by Appellant as prescribed below.
3. Appellant must within sixty (60) days of the date of this Order fully install at her expense a fence that is attached to the Building in its entirety and covers all openings and otherwise ensures that the Building is vacant and not accessible to any member of the public. The fence must allow air flow and visibility to the interior of the Building. If the Appellant fails to timely install the fencing, then the Building without further notice to the Appellant may be immediately demolished at the expense of Appellant.
4. The Town Council retains the right to revisit this matter if any conditions change or to exercise all remedies available by law, including NCGS 160D-1125.

Upon a motion by Vice Mayor Archie Pertiller, the Council members present voted 3-0 in favor, that the building at 850 Blue Ridge Road is a fire and safety hazard and is dangerous to life, health, or other property. The Appellant shall timely complete the corrective action set forth in the conclusions of law, based on the foregoing Findings of Fact.

Council Members Doug Hay and Ryan Stone were absent.

The hearing was adjourned at 6:15 p.m.

A copy of the document entitled “Order To Take Corrective Action at 850 Blue Ridge Road”, and supplemental materials, are attached at the end of these minutes as Appendix A.

3. AGENDA REVIEW AND APPROVAL

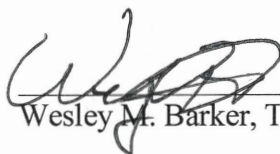

Council Member Ryan Stone joined the meeting at 6:15 p.m.

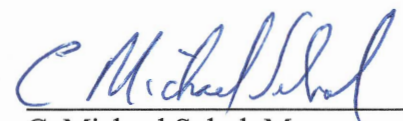

3.A. Review & Approval of April 13, 2026 Town Council Meeting Agenda.

At 6:15 p.m., the Council moved to the next item on this special meeting agenda was a review of the April 13, 2025 Town Council meeting agenda. A suggestion was offered to move the item Acceptance of Grant Funds with NCDEQ from New Business to Consent Agenda. Also, it was mentioned to include the letter from the Executive Director for Black Mountain Center for the Arts requesting the lease extension, be added into the agenda packet under that item.

Town Council Member Alice Berry made a motion to approve the April 13, 2026, agenda as presented, with the suggested amendment. A vote of 4-0 in favor. Council Member Doug Hay was absent.

With no further business to be discussed, Mayor C. Michael Sobol adjourned the meeting at 6:30 p.m.

Wesley M. Barker, Town Clerk

C. Michael Sobol, Mayor

BEFORE THE TOWN OF BLACK MOUNTAIN TOWN COUNCIL
BUNCOMBE COUNTY, NC

HONGQIN WEI APPEAL OF)
ORDER TO TAKE CORRECTIVE ACTION)
850 BLUE RIDGE ROAD) ORDER
BLACK MOUNTAIN, NC 28711)

THIS MATTER came up for hearing before the Town of Black Mountain Town Council (sometimes referred to hereinafter as “Council”) on 9 April 9 2026 upon the appeal of Hongqin Wei of the Town of Black Mountain Building Inspector’s order to take corrective action regarding the damaged building (“Building”) at 850 Blue Ridge Road, Black Mountain, NC 28711 (“850 Blue Ridge Road”);

Based upon the information and evidence presented and after hearing all of the evidence, the Council does hereby make the following **FINDINGS OF FACT**:

1. Hongqin Wei (“Wei”) appealed the Town of Black Mountain Building Inspector’s order to take corrective action to demolish the Building and remove all debris (“Appeal”).
2. All required notices were mailed and published, and signs were properly posted regarding this Appeal.
3. Jennifer Tipton, Senior Admin (“Senior Admin”), and Rick Burton, Building Inspector (“Building Inspector”) appeared for the Town.
4. Kevin Wei, brother of Hongqin Wei, appeared as the representative for the Appellant (“Appellant”).
5. The Town admitted the Record of the case into evidence without objection and it was accepted by Mayor Michael Sobol, the presiding officer.
6. The Building at 850 Blue Ridge Road, a nonresidential building, was severely damaged after Tropical Storm Helene in September of 2024.
7. The Appellant was sent a Notice of Substantial Damage Determination for 850 Blue Ridge Road, dated December 17, 2024. The notice provided a substantial damage assessment, instructions for appealing the determination, and an offer to the property owner meet with the Floodplain Administrator to discuss the requirements and potential options for bringing the building into compliance with the Flood Damage Prevention Ordinance. This notice was not appealed.
8. The Town communicated with TetraTech about reaching out to the Appellant to potentially apply for the Private Property Debris Removal Program.

9. The Appellant was sent a letter detailing the unsafe conditions in accordance with NCGS §160D-1118 (Defects in buildings to be corrected), dated July 31, 2025.
10. The 31 July 31 2025, letter stated that the unsafe conditions needed to be permitted, repaired, completed and inspected, or the entire Building needed to be demolished within ninety days of receipt of the letter. Notice of the unsafe character of the Building was posted by the Town on the exterior wall of the structure.
11. The Appellant sent a response dated October 24, 2025, in response to the July 31, 2025, letter of unsafe conditions.
12. The Appellant noted that the property was in a unique situation as NCDOT planned to acquire the property due to the proposed I-40 interchange project.
13. Based on the unique situation noted by the Appellant, the Appellant asked for a delay in any permit application or processing as pursuing repairs for a building that is expected to be demolished would result in unnecessary financial and administrative burden.
14. Because Appellant failed to take corrective action as requested for the Building, the Appellant was sent a letter dated November 4, 2025, regarding a condemnation hearing that would be held on November 14, 2025, in accordance with NCGS §160D-1121.
15. The Appellant sent a response dated November 12, 2025, requesting an extension of time to comply.
16. The condemnation hearing was held on November 14, 2025, in accordance with NCGS §160D-1121, addressing the concerns of the Building at 850 Blue Ridge Road. The hearing was held at 304 Black Mountain Avenue and Senior Administrative and Building Official were in attendance.
17. The Building Inspector found that no actions have been taken to repair the property and that due to the condition of the Building, the Building is a blight, is attracting illicit activity, rodent and animal infestation, homeless activity, and is a severe safety and fire hazard. Further delay could not be granted.
18. The Building Inspector officially condemned the Building and ordered the Building to be demolished within forty-five days of receipt of the Order to Take Corrective Action.
19. The Order to Take Corrective Action, in accordance with NCGS §160D-1122, dated November 17, 2025, was sent to the Appellant.
20. The Appellant filed an appeal dated 26 November 2025 to the Town Council.

21. At the hearing, Appellant did not present any experts or witnesses who could testify in any way to rebut the findings of the Building Inspector. Appellant's only contention was to dispute the remedy required to address the condition of the Building.
22. The Building is a fire or safety hazard.
23. The Building is dangerous to life, health, or other property.

NOW, THEREFORE, based on the foregoing **FINDINGS OF FACT**, the Council hereby makes the following **CONCLUSIONS OF LAW**:

1. This Council has jurisdiction under NCGS §160D-1123 to decide appeals of any order received under NCGS §160D-1122.
2. Because the Building located at 850 Blue Ridge Road is a fire or safety hazard and otherwise dangerous to life, health, or other property, it must be promptly remedied by Appellant as prescribed below.
3. Appellant must within sixty (60) days of the date of this Order fully install at her expense a fence that is attached to the Building in its entirety and covers all openings and otherwise ensures that the Building is vacant and not accessible to any member of the public. The fence must allow air flow and visibility to the interior of the Building. If the Appellant fails to timely install the fencing, then the Building without further notice to the Appellant may be immediately demolished at the expense of Appellant.
4. The Town Council retains the right to revisit this matter if any conditions change or to exercise all remedies available by law, including NCGS 160D-1125.

NOW, THEREFORE, based on the forgoing **FINDINGS OF FACT AND CONCLUSIONS OF LAW**, the Town of Black Mountain by and through its Town Council **ORDERS** as follows:

Upon motion and second, this Council affirms, by a vote of 3-0 of the voting Council members present, the Building at 850 Blue Ridge Road is a fire and safety hazard and is dangerous to life, health, or other property. The Appellant shall timely complete the corrective action set forth above.

This the 13 day of April, 2026.

NOTICE OF SUBSTANTIAL DAMAGE DETERMINATION FOR

850 BLUE RIDGE RD

December 17, 2024

Dear HONGQIN WEI,

The Town of Black Mountain has reviewed the Substantial Damage assessment completed for your residential structure located at 850 BLUE RIDGE RD, Black Mountain, NC 28711 (PIN 060972386000000). The damage was sustained because of Tropical Storm Helene, *September 26-27, 2024*.

This structure is located within a mapped Special Flood Hazard Area on the Flood Insurance Rate Map (FIRM), Map number 3710061900J panel 0619 with an effective date of 1/6/2010. Since the structure is within the 1% Annual Chance of Flooding area, also known as the 100-year floodplain, it is regulated by the Town's Flood Damage Prevention Ordinance (FDPO).

Substantial Damage is defined by the Federal Emergency Management Agency (FEMA) as:

Damage of any origin sustained by a structure whereby the cost of restoring the structure to its pre-damage condition would equal or exceed 50% of the market value of the structure before the damage occurred

As required by our Flood Damage Prevention Ordinance, we have conducted substantial damage assessments of all structures in the Town's 100-year floodplain. A determination of substantial damage is made by comparing the estimate of the proposed cost of repairs to the pre-damage market value of the structure (excluding land value). When the cost of repairs equals or exceeds 50 percent of the pre-damage market value of the structure, the damages are considered Substantial Damage.

As a result of this Substantial Damage determination, you are required to bring the whole structure into compliance with the flood damage-resistant provisions of the Town of Black Mountain Land Use Code Section 2.3 Flood Damage Prevention Ordinance (FDPO). You may also choose to demolish the structure and rebuild according to the requirements of the FDPO.

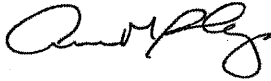

Please see the attached Substantial Damage assessment of your structure. **You may appeal this determination by submitting an appraisal by a licensed NC appraiser and cost estimates from contractors for the repairs needed to restore the structure to its pre-damaged condition.** I will

review your appeal submittal to determine if the cost estimates and appraisal show that the needed repairs do not constitute 50% or more of the pre-damaged market value of the structure.

I would be pleased to meet with you and your designated representative (architect/builder) to discuss the requirements and potential options for bringing the home into compliance. There are several aspects that must be addressed to achieve compliance. The most significant requirement is that the top of the lowest habitable floor, as defined in the regulations/code, must be elevated to or above the regulatory flood protection elevation, which is base flood elevation (BFE) plus 2 feet. You may wish to contact your insurance agent to understand how raising the lowest floor higher than the minimum required elevation can reduce National Flood Insurance Program (NFIP) flood insurance premiums.

Please contact me to discuss the requirements to repair your Substantially Damaged structure according to the Town's Flood Damage Prevention Ordinance requirements.

Sincerely,

Anne Phillip
Floodplain Administrator

Dear Property Owner,

This letter is in reference to property you own at 850 Blue Ridge Road, Black Mountain, NC 28711.

In accordance with NCGS §106D-1118 (Defects in buildings to be corrected), “When a local inspector finds any defects in a building, or finds that the building has not been constructed in accordance with the applicable State and local laws, or that a building because of its condition is dangerous or contains fire hazardous conditions, it shall be the inspector’s duty to notify the owner or occupant of the building of its defects, hazardous conditions, or failure to comply with the law. The owner or occupant shall each immediately remedy the defects, hazardous conditions, or violations of law in the property.”

The inspector has found that the property you own at 850 Blue Ridge Road poses a health and safety risk and is structurally unsound due to damage from flood waters. A list of corrections needed is below:

- Significant foundation damage
- Electrical system damage
- Structural damage
- HVAC damage

The overall condition is unsafe and inhabitable.

The unsafe conditions need to be permitted, repaired, completed, and inspected or the entire structure needs to be demolished within ninety (90) days of receipt of this letter.

If you have any questions, you may contact our office Monday through Friday, 8:00 a.m. to 5:00 p.m. at (828) 419-9300

Sincerely,
Charles "Rick" Burton, Building Inspector
Town of Black Mountain

Subject: Response to Letter Dated July 31, 2025 – 850 Blue Ridge Rd.

Dear Planning & Development Team,

I am writing in response to your letter dated July 31, 2025, regarding the property located at 850 Blue Ridge Rd in Black Mountain, which sustained significant damage during Hurricane Helene. I understand your request to obtain a permit for either repair or demolition.

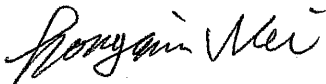

This property is in a unique situation. The North Carolina Department of Transportation (NCDOT) is preparing to construct a new roundabout at Blue Ridge Rd as part of the I-40 Interchange project, which has already been approved by the Black Mountain Town Council. NCDOT plans to acquire this property and remove the existing structure in the near future to make way for the roundabout.

Given these circumstances, it would be prudent to delay any permit application or processing at this time. Pursuing repairs for a building that is expected to be demolished would result in unnecessary financial and administrative burden.

Although the damage from Hurricane Helene has been devastating, we have not pursued or received any government assistance. We have consistently contributed substantial taxes to federal, state, county, and local entities over the years. We respectfully ask for your continued patience and understanding as we work through this exceptionally difficult time, marked by the most significant financial loss I have ever experienced. Any support or guidance you can offer—directly or indirectly—would be sincerely appreciated.

Thank you for your consideration.

Sincerely,

Hongqin Wei

RE: Condemnation Procedures/Hearing in accordance with North Carolina General Statute
160D-211

Dear Property Owner,

As of this date, the ninety (90) day timeframe to notify us of your intentions to correct the unsafe conditions for 850 Blue Ridge Road as expired.

Pursuant to NCGS §160D-1121, this is a formal notice that a hearing will be held in the conference area of 304 Black Mountain Avenue, Unit A, Black Mountain, NC 28711 on Friday, November 14, 2025, at 3:00 p.m., at which time you will have the opportunity to present any testimony and/or evidence pertaining to this matter. You may have legal representation present.

Following the hearing, I may issue an order to abate the unsafe conditions and any other defects or to demolish the structure with whatever means that may be appropriate.

I appreciate your cooperation and am looking forward to a mutual agreement as to the solution of this dilemma.

Sincerely,

Rick Burton
Senior Building Official

SUBJECT: Request for Hearing Extension and Assistance Regarding 850 Blue Ridge Rd,
Black Mountain, NC 28711

Dear Mr. Burton,

I am writing in response to your letter dated November 4 regarding the scheduled hearing on November 14 at your office. It appears from your letter that your department did not forward my October 24 letter to you before you wrote the letter. According to USPS tracking, my letter was delivered to your department on November 3. For your reference, I have attached both the tracking details and a copy of the original letter.

In that letter, I outlined the exceptional circumstances surrounding the property at 850 Blue Ridge Rd and respectfully requested additional time to address the matter. Given the short notice and the fact that I am currently in California, it is not feasible for me to attend the hearing in person within two days.

Should you require any further information, documentation, or clarification, please do not hesitate to contact me. I am committed to cooperating fully and responding to any inquiries to the best of my ability.

In light of the significant hardship I have endured due to Hurricane Helene—and the absence of support from local entities including Black Mountain—I respectfully request your department's discretion in granting an extension of time to comply. Additionally, I would greatly appreciate any guidance or recommendations regarding available assistance programs, grants, or other resources that may be applicable to my situation.

Thank you for your understanding and consideration.

Sincerely,

Hongqin Wei

**TOWN OF BLACK MOUNTAIN
CONDEMNATION HEARING FOR HONGQIN WEI
IN THE MATTER OF PROPERTY LOCATED AT
850 BLUE RIDGE ROAD, BLACK MOUNTAIN, NC 28711**

On Friday, November 14, 2025, at 3:00 p.m., an administrative hearing pursuant to NCGS §160D-1121, Action in the event of failure to take corrective action, was conducted in the conference room of the Planning and Development Department, 304 Black Mountain Avenue. The said property is also described as PIN #: 0609-72-3860.00000.

The purpose of this hearing is to address concerns of the structure located at 850 Blue Ridge Road and for property owner Hongqin Wei to be heard and present evidence in his defense in accordance with NCGS §160D-1121.

Staff Present:

Rick Burton, Senior Building Official
Jennifer Tipton, Senior Admin

The defendant was not present but did fax a letter asking for an extension of time to comply.

The property was severely damaged by Tropical Storm Helene on September 27, 2024. The structure suffered significant foundation damage, electrical system damage, severe structural damage, and hvac damage.

There were multiple programs available to property owners to assist with repairs and/or demolition of damaged structures. The Town did not offer any such programs, as all programs offered were of a federal government nature. The property owners contact information was given to Buncombe County for them to reach out about the Private Property Debris Removal Program.

In July 2025, no actions to repair, clean-up, or demolish the property had been taken. A notice of unsafe conditions was sent to the property owner and he was given ninety days to contact the Planning and Development Department to address how the unsafe conditions would be remedied. The property was posted as unsafe.

The property owner did not reach out to the town until the Planning and Development Department received a letter from the property owner dated October 24, 2025. The property owner stated that the property is to be acquired for the proposed interchange project and that he had not pursued or received any government assistance. The property owner asked for patience and understanding and asked for a delay in any permit application or processing at this time.

Mr. Burton read the letter and due to the condition of the building and the fact that the building is a blight, is attracting illicit activity, rodent and animal infestations, and homeless activity, and is a severe safety and fire hazard, he was not able to grant a delay.

**TOWN OF BLACK MOUNTAIN
CONDEMNATION HEARING FOR HONGQIN WEI
IN THE MATTER OF PROPERTY LOCATED AT
850 BLUE RIDGE ROAD, BLACK MOUNTAIN, NC 28711**

A letter was mailed to the property owner giving the date and time of the hearing. The property owner faxed a letter on November 12, 2025, again asking for an extension of time and noting that he had had no support from any local entity, including the town.

At the hearing, Mr. Burton referenced both letters and noted that the property owner had plenty of opportunities to apply for federal assistance and noted that the town did not provide assistance to any property owner, again, as all of the assistance was from the federal government. All of those programs have since closed. Mr. Burton also noted that the property owner had been given ninety days from when the letter of unsafe conditions was mailed and failed to notify the town until the day before the ninety days was set to expire.

Mr. Burton officially condemned the building and is ordering the building to be demolished within forty-five days of receipt of the Order to Take Corrective Action. If no action is taken after the forty-five days, then the town will abate the unsafe conditions and demolish the building.

With no further discussion, the administrative hearing was adjourned at 3:30 p.m.

Charles R. Burton, Senior Building Official

Subject: Corrective Action Enforcement
850 Blue Ridge Road
PIN #0609-72-3860.00000

ORDER TO TAKE CORRECTIVE ACTION

Dear Mr. Wei,

In accordance with NCGS §160D-1122 (Order to Take Corrective Action), this letter is your official notification that I, the Town's Senior Building Official, find that your structure at 850 Blue Ridge Road is a safety and fire hazard. The building is a blight and is attracting illicit activity, vermin infestation, and homeless activity.

At the administrative hearing held on Friday, November 14, 2025, I, the Town's Senior Building Official, declared the following:

- The structure at 850 Blue Ridge Road is officially condemned
- The structure at 850 Blue Ridge Road is a severe threat to health and safety
- There has been ample opportunity to remedy the defects or to demolish the structure
- No extensions past the time given in this notice will be granted
- All assistance programs that were offered have since closed (please note that all of these were federal programs and the town did not offer any local assistance)
- You will have forty-five (45) days from the date of this notice to demolish the structure and clear all debris from the site

You are hereby given forty-five (45) days from the date of this notice to obtain a permit from Buncombe County Air Quality and a demolition permit from the Town of Black Mountain and demolish the structure and clear all debris from the site.

You may exercise your right to appeal this decision.

NCGS §160D-1123. APPEAL. Any owner who has received an order under NCGS §160D-1122 may appeal from the order to the governing body by giving notice in writing to the inspector to the local government clerk within 10 days following issuance of the order. In the absence of an appeal, the order of the inspector is final. The governing board shall hear an appeal in accordance with NCGS §106D-406 and render a decision within a reasonable time. The governing board may affirm, modify and affirm, or revoke the order.

NCGS §160D-1124. FAILURE TO COMPLY WITH ORDER. If the owner of a building or structure fails to comply with an order issued pursuant to NCGS §160D-1122 from which no appeal has been taken or fails to comply with an order of the governing board following an appeal, the owner is guilty of a Class I misdemeanor.

Failure to comply with the order will result in the Town moving forward with abatement of the unsafe conditions.

Please contact us in the event that you wish to exercise your right to appeal so that we may help process the proper documentation required.

Sincerely,

Charles R. Burton
Senior Building Official

SUBJECT: Appeal of Building Official Charles R. Burton's Order to Demolish the Structure
at 850 Blue Ridge Rd (Letter dated November 17, 2025),

Dear Governing Body Members,

I respectfully submit this appeal regarding Building Official Charles R. Burton's decision, dated November 17, 2025, ordering demolition of the structure at 850 Blue Ridge Rd. The consideration, hearing, and decision process has been flawed, unfair, and the ruling of demolition rather than repair or other remedies shows no justification. The following points illustrate these concerns (not an exclusive list):

1. Failure to acknowledge correspondence Mr. Burton did not acknowledge receipt of my letter dated 10/24/2025, which certified mail records confirm was received by the Department of Planning & Development on November 3, 2025. Nevertheless, on November 4, 2025, he issued his order without ever responding to or considering the contents of my letter.

Either the Department failed to forward my letter, or Mr. Burton disregarded it entirely. This omission denied me fair consideration and ignored my request for a time extension to pursue a repair or demolition permit.

2. Lack of proper communication channels Mr. Burton's letters provided no email address for timely responses. The fax number listed (828-669-2030) was non-functional, and attempts to fax via UPS failed. My letter had to be sent instead to the administration's fax number (828-669-4204) on 11/12/2025.

3. Unreasonable hearing notice Despite knowing I reside in California, Mr. Burton allowed only two days from receipt of his letter to attend a hearing scheduled for 11/14/2025. I faxed him on 11/12/2025 requesting a postponement, as I had no guidance on required materials, insufficient time to prepare, and no opportunity to secure legal representation.

4. False claim of a hearing Mr. Burton never responded to my fax and falsely claimed a hearing occurred. No hearing was held, nor was I notified of any denial of my postponement request. This

action violated basic fairness and state law, as postponements are routinely granted even in court proceedings.

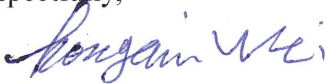

5. Unjustified demolition ruling Mr. Burton's demolition order was issued without a hearing or justification. The building is structurally sound: steel framing, roof, slab, and foundation remain intact. Damage is limited to non-bearing wood partition walls. Repair is feasible. Furthermore, as the State DOT has proposed building a roundabout at this location, and the Town of Black Mountain appears to have approved the proposal, additional time is needed to coordinate with the State DOT to determine whether repair or another alternative is the most appropriate solution. If it becomes clear that the DOT will not build a roundabout there, I will proceed with repairing the building to meet all requirements.

6. Alternative remedies ignored Reasonable remedies exist to address safety concerns, such as installing a chain-link fence with privacy tarp. The property is isolated, buffered by concrete walls, earth berms, trees, and the Swannanoa River, with no foot traffic or nearby commercial activity. These measures would mitigate concerns while allowing time to reach a proper final solution.

If these points continue to be ignored without valid justification, I will appeal to the court to seek fairness regarding Mr. Burton's decision. I sincerely hope the Town of Black Mountain will not treat a long-time, tax-paying citizen so unfairly, especially in the aftermath of the unprecedented Helene disaster.

Thank you for your understanding and consideration.

Respectfully,

A handwritten signature in blue ink that reads "Hongqin Wei". The signature is written in a cursive, flowing style.

Hongqin Wei, Owner of 850 Blue Ridge Rd

Jennifer,

Whether this goes to an appeal or not the structure will need to be boarded immediately. If not boarded it could be considered an imminent threat to the health, safety and welfare of the community and removed.

Illicit activity has been reported and it is VERY dangerous.

CAUTION: This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Dear Mr. Burton,

Please clarify the illicit activity you referenced and give details of the activity and when it occurred. If there are actual reports or evidence, I ask that you provide them rather than relying on general concerns or assumptions that could apply to almost any construction site. Should such activity have taken place, the property owner should have been notified immediately and appropriate mitigation steps discussed. In addition, the police should have been contacted, as they are responsible for protecting citizens from illicit activity. Property owners do not have the authority or means to arrest individuals engaged in such behavior.

At present, it is neither likely nor feasible for anyone to attempt living in the structure given the freezing temperatures. Installing chain-link fences with privacy tarps would serve as a practical temporary solution, consistent with standard construction site practices. Alternatively, boarding up the building's damaged doors, windows and other openings could be done, as you suggested yesterday or if deemed more preferable by you and others in your department.

The property is isolated, located outside of town, with no foot traffic or nearby commercial activity. It is further surrounded by concrete walls, earth berms with abundant trees, and the Swannanoa River. All these make the site much more secure than most construction sites. It is most reasonable to await clarity on whether the Department of Transportation will construct a roundabout at this location. If not, the building will be repaired promptly to meet all requirements, as it is a metal building with a strong steel framing structure intact, and the metal roof, metal walls, and concrete slab are sound. The primary damage is on the non-weight-bearing wood stud walls.

I urge you and your governing body to carefully review the six issues raised in the property owner's faxes dated November 26. The repeated provision of incorrect fax numbers, combined with the assertion in another email you sent me yesterday that your email address should have been easily found online is an additional issue, especially since you used different names in different letters. Even chatgpt wasn't sure and suggested the wrong email address. In addition, it is better to show some helpful suggestions and sympathy to a Helene victim who has already endured the largest financial loss of her lifetime, and to avoid any discrimination on this property and the disadvantaged group, the low income minority senior woman owner.

The fair and reasonable course of action is to pause the unjustified demolition order resulting from a process riddled with flaws. It is better to wait for more information on the DOT roundabout project. Doing so will avoid unnecessary waste of time, money, legal proceedings, etc.

Rick,

Since you never provided an email address but always provide a bad fax number to the property owner of 850 Blue Ridge Rd, she wanted to make sure you received her faxes sent to your administration office. You never acknowledged receiving them. This is frustrating at the least. I think I found your email address and she wanted me to forward those faxes to you to be sure you receive them.

CAUTION: This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Hello Jennifer,

I wish the scheduling date had been checked with us in advance. Unfortunately, we are unable to attend the March 5 hearing, as we will be out of the country and will not return to the states until midnight on April 1. Our non-refundable travel tickets are attached for your reference. We therefore respectfully request that the hearing be rescheduled to a date no earlier than April 2.

In the unlikely event that a continuance cannot be granted, please provide the reasons for the record as we would be compelled to seek judicial review if an adverse decision is issued without even a single proper hearing, especially since the whole process so far has been ridden with flaws as shown in multiple faxes and emails before and the lack of justification for demolition rather than repairs or temporary boarding while awaiting further information regarding the DOT project.

Rick Burton's demand for both demolition AND boarding is unreasonable and contradictory as there is nothing to board up if demolition is done or if boarding is done, demolition needn't be done in any hurry if at all. Mr. Burton made multiple false assertions to justify his demand. For example, He alleged that individuals were living in the building and could not provide any evidence after repeated requests. My recent inspection found no evidence whatsoever—no water bottle, food containers, or personal items of any kind. Moreover, Police Deputy Chief Chris Kuhn could find today only one police report on or near 850 Blue Ridge Rd , a DWI case on Blue Ridge Rd on 8/5/2023.

Additionally, many similarly flood-damaged buildings, including those in ~20x higher-traffic areas such as the Biltmore Village near downtown Asheville, have not yet been repaired, boarded, or demolished. This reflects the broader understanding and patience shown by communities and governments toward victims of an unprecedented natural disaster. Photos are attached for reference.

Thank you for your careful consideration of this request.

Best regards,

Kevin Wei

Good morning, Kevin,

I just wanted to reach out and let you know that the appeal hearing for 850 Blue Ridge Road has been scheduled for Thursday, March 5th at 6:00 p.m. at Town Hall, 160 Midland Avenue. This appeal will be before the Town Council.

Thank you.

Jennifer Tipton
