To whom it Concerns with North Carolina Department of Water Quality:

I am writing to express my support for the Swannanoa River Restoration Project. The Town of Black Mountain is committed to being a responsible citizen in improving and protecting the water quality in the region. Starting the restoration of the Swannanoa River is a strategy included in the Town's adopted watershed restoration plan.

As a former Alderman, and now Mayor of Black Mountain, I am familiar with the successful completion of the Tomahawk Branch Stream Restoration Project, which was also made possible through DWQ. The Town approved the necessary matching funds at our December 9, 2019 Board of Aldermen meeting. I am appreciative of the support DWQ has provided to the Town and look forward to working together on the Swannanoa River Restoration Project.

Sincerely,

Don Collins  
Town of Black Mountain, Mayor

To Whom It May Concern:

Montreat College supports the proposed Swannanoa River project adjacent to our Black Mountain property. Specifically, the Environmental Science faculty at Montreat College support this project. We would commit to assessing and monitoring the aquatic fauna of the Swannanoa River associated with this project. This project would provide an important and interesting experience for education and engagement of environmental science and biology college students, as well as high school students enrolled in Montreat College's summer Compass environmental science program.

Sincerely,

**No Conflict of Interest Certification**

Town of Black Mountain hereby certifies that, to the best of its knowledge and belief, there are no present or currently planned interests (financial, contractual, organizational, or otherwise) relating to the work to be performed as part of the Swannanoa River Restoration project that would create any actual or potential conflicts of interest (or apparent conflicts of interest) for any of its employees, contractors, subcontractors, designees or other entities or individuals involved in the Swannanoa River Restoration project (including conflicts of interest for immediate family members: spouses, parents, or children) that would impinge on its ability to render impartial, technically sound, and objective assistance or advice or result in it being given an unfair competitive advantage.

In this certification, the term "potential conflict" means reasonably foreseeable conflicts of interest. ---

### **Conflict of Interest Defined:**

A conflict of interest is defined as an actual or perceived interest by a (Staff Member/Board Member) in an action that results in, or has the appearance of resulting in, personal, organizational, or professional gain. A conflict of interest occurs when an Employee/Board Member has a direct or fiduciary interest in another relationship. A conflict of interest could include:

- Ownership with a member of the Board of Directors/Trustees or an Employee where one or the other has supervisory authority over the other or with a client who receives services.
- Employment of or by a member of the Board of Directors/Trustees or an Employee where one or the other has supervisory authority over the other or with a client who receives services.
- Contractual relationship with a member of the Board of Directors/Trustees or an Employee where one or the other has supervisory authority over the other or with a client who receives services.
- Creditor or debtor to a member of the Board of Directors/Trustees or an Employee where one or the other has supervisory authority over the other or with a client who receives services.
- Consultative or consumer relationship with a member of the Board of Directors/Trustees or an Employee where one or the other has supervisory authority over the other or with a client who receives services.

The definition of conflict of interest includes any bias or the appearance of bias in a decision making process that would reflect a dual role played by a member of the organization or group. An example, for instance, might involve a person who is an Employee and a Board Member, or a person who is an employee and who hires family members as consultants.

### **Employee Responsibilities:**

It is in the interest of the organization, individual staff, and Board Members to strengthen trust and confidence in each other, to expedite resolution of problems, to mitigate the effect and to minimize organizational and individual stress that can be caused by a conflict of interest.

Employees are to avoid any conflict of interest, even the appearance of a conflict of interest. This organization serves the community as a whole rather than only serving a special interest group. The appearance of a conflict of interest can cause embarrassment to the organization and jeopardize the credibility of the organization. Any conflict of interest, potential conflict of interest or the appearance of a conflict of interest is to be reported to your supervisor immediately. Employees are to maintain

Attachment C  
SEA Contract CW 8533  
independence and objectivity with clients, the community, and organization. Employees are called to maintain a sense of fairness, civility, ethics, ethics and personal integrity even though law, regulation, or custom does not require them.

**Acceptance of Gifts:**

Employees, members of employee's immediate family, and members of the Board are prohibited from accepting gifts, money or gratuities from the following:

- a. Persons receiving benefits or services from the organization;
- b. Any person or organization performing or seeking to perform services under contract with the organization;
- c. Persons who are otherwise in a position to benefit from the actions of any employee of the organization.

Employees may, with the prior written approval of their supervisor, receive honoraria for lectures and other such activities while on personal days, compensatory time, annual leave, or leave without pay. If the employee is acting in any official capacity, honoraria received by an employee in connection with activities relating to employment with the organization are to be paid to the organization.

THIS AGREEMENT is made and entered into on the last date executed below, by and between the North Carolina Department of Transportation, an agency of the State of North Carolina, hereinafter referred to as the "Department" and the Town of Black Mountain, hereinafter referred to as the "Municipality".

**WITNESSETH:**

WHEREAS, the Municipality has requested that the Department grant permission to the Municipality to utilize an existing box culvert structure for use as a pedestrian trail connection in the Town of Black Mountain; Buncombe County; and

WHEREAS, the Department has agreed to allow the Municipality to utilize said structure as a pedestrian trail connection; and

WHEREAS, the Municipality has agreed to maintain said structure subject to the conditions hereinafter set forth.

NOW, THEREFORE, the parties hereto, each in consideration of the promises and undertakings of the other as herein provided, do hereby covenant and agree, each with the other, as follows:

**SCOPE OF THE AGREEMENT**

1. This Agreement is to allow the Municipality to utilize an existing box culvert (NCDOT Structure #100490) under I-40 for use as a pedestrian trail connection.

**RESPONSIBILITIES**

2. The Municipality, at no expense to the Department, shall be responsible for maintenance of the trail and culvert, which includes, but is not limited to the following:
  - Removal of any sediment or other debris in Barrel #1 of the box culvert

- Culvert shall be kept free of any obstruction that would prevent water from flowing as designed
  - Maintain the approaches and trail through the culvert and ensure ADA compliance to all aspects of the trail
  - Repair any damages or defacement to the culvert during pedestrian usage and/or town maintenance activities
  - Removal of graffiti
  - No attachment shall be made to the culvert without an encroachment approval
  - It is understood by the Municipality that the culvert may be periodically closed for structural maintenance, bi-annual inspections, and/or construction repairs by the Department
3. The Municipality binds and obligates itself to improve and maintain the structure in such safe and proper condition that it will not interfere with or endanger travel upon the highway, nor obstruct nor interfere with the proper maintenance thereof, to reimburse the Department for the cost incurred for any repairs or maintenance to its roadways and structures necessary due to Municipality's actions with regard to the structure, and if at any time the Department shall require the removal of or changes in the location of the said facilities, that Municipality itself, its successors and assigns, to promptly remove or alter the said facilities, in order to conform to the said requirement, without any cost to the Department.
  4. The Municipality agrees to provide during construction and any subsequent maintenance proper signs, signal lights, flagmen and other warning devices for the protection of traffic in conformance with the latest Manual on Uniform Traffic Control Devices for Streets and Highways and Amendments or Supplements thereto. The information as to the above rules and regulations may be obtained from the Department's Division Engineer.
  5. It is clearly understood by the Municipality that the Department will assume no responsibility for any damage that may be caused to the structure, within highway rights of way limits, in carrying out its construction and maintenance operations.
  6. The Municipality agrees to restore all areas disturbed during any improvements and maintenance to the satisfaction of the Department's Division Engineer. The Municipality agrees to exercise every reasonable precaution at all times to prevent eroding of soil; silting or pollution of rivers, streams, lakes, reservoirs, other water impoundments, ground surfaces or other property; or pollution of the air. The Municipality shall comply and cause its contractors to comply with applicable rules and regulations of the North Carolina Division of Environmental Management,

North Carolina Sedimentation Control Commission, and with ordinances and regulations of various counties, municipalities and other official agencies relating to pollution prevention and control. When any installation or maintenance operation disturbs the ground surface and existing ground cover, the Municipality agrees to remove and replace the sod or otherwise reestablish the grass cover to meet the satisfaction of the Department's Division Engineer.

7. The Municipality agrees to assume the actual cost of any inspection of the work considered to be necessary by the Department's Division Engineer.

## **ADDITIONAL PROVISIONS**

8. This Agreement shall remain in effect for as long as the Municipality maintains the trail. If the Municipality fails to maintain the trail, the Department shall have the right to terminate this agreement and not allow the Municipality to use the box culvert structure any further as a pedestrian trail connection.
9. Upon a thirty (30) day written notification to the other party, either the Municipality or the Department shall have the right to terminate this Agreement.
10. The Municipality will indemnify and hold harmless the Department and the State of North Carolina, their respective officers, directors, principals, employees, agents, successors, and assigns from and against any and all claims for damage and/or liability in connection with the activities performed pursuant to this Agreement and for any such claims during the course of the use of the structure as described in this Agreement. The Department shall not be responsible for any damages claims, which may be initiated by third parties.
11. It is the policy of the Department not to enter into any agreement with another party that has been debarred by any government agency (Federal or State). The Municipality certifies, by signature of this agreement, that neither it nor its agents or contractors are presently debarred, suspended, proposed for debarment, declared ineligible or voluntarily excluded from participation in this transaction by a Federal or State Department or Agency.
12. The other party to this Agreement shall comply with Title VI of the Civil Rights Act of 1964 (Title 49 CFR, Subtitle A, Part 21) and related nondiscrimination authorities. Title VI and related authorities prohibit discrimination on the basis of race, color, national origin, disability, gender, and age in all programs or activities of any recipient of Federal assistance.
13. This Agreement does not imply any conveyance of property from the Department to the Municipality.

14. The Department shall have the right to abandon the project at any time before the Municipality has been called upon to perform any part of its agreement. This Agreement is solely for the benefit of the identified parties to the Agreement and is not intended to give any rights, claims, or benefits to third parties or any person or to the public at large.
15. A copy or facsimile copy of the signature of any party shall be deemed an original with each fully executed copy of the Agreement as binding as an original, and the parties agree that this Agreement can be executed in counterparts, as duplicate originals, with facsimile signatures sufficient to evidence an agreement to be bound by the terms of the Agreement.
16. By Executive Order 24, issued by Governor Perdue, and N.C. G.S. § 133-32, it is unlawful for any vendor or contractor ( i.e. architect, bidder, contractor, construction manager, design professional, engineer, landlord, offeror, seller, subcontractor, supplier, or vendor), to make gifts or to give favors to any State employee of the Governor's Cabinet Agencies (i.e., Administration, Commerce, Environmental Quality, Health and Human Services, Information Technology, Military and Veterans Affairs, Natural and Cultural Resources, Public Safety, Revenue, Transportation, and the Office of the Governor).

IT IS UNDERSTOOD AND AGREED that the approval of the project by the Department is subject to the conditions of this Agreement.
